RE ORDERING OF BOOKS NOT CATALOGUED BY THE SCHOOL-BOOK BRANCH

Teachers and School Boards may order books not catalogued or stocked, from the School-Book Branch. These titles can be procured within a short time provided that certain essential information accompanies the order. The School-Book Branch must be given the **full title, the author and the publisher.** Make certain of securing your order by setting down this information, whenever special books are required.

NOTICE REGARDING PRICES AND AVAILABILITY

We regret having to state that all prices quoted in this catalogue are subject to change without notice. However, circumstances over which we can exercise little or no control make this notification necessary.

The essential material and the skilled labor required to make books are rising in cost. In particular, paper, printers and modern machinery are in short and expensive supply.

The results from this situation are obviously twofold. In the first place, books are often not available for varying periods of time and again, books are becoming more costly.

Having sounded this warning, the School-Book Branch wishes to assure book buyers that every care is being taken to make certain that wherever possible, an adequate stock of recommended text and reference books is available at the lowest cost obtainable for Alberta Schools.

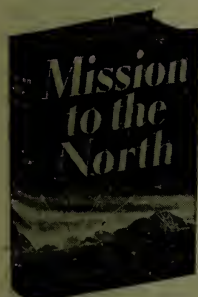

During a difficult period, we ask your forbearance. We shall continue to render the best service possible under present conditions.

THE PURPOSE OF THIS CATALOGUE

Primarily, the object of "Free Reading" is to encourage boys and girls to read for enjoyment and recreation. With this purpose foremost, the Department of Education, with the assistance of local educationists and the Alberta Library Association, has prepared the extensive list of books catalogued herein.

In this stimulating selection will be found a wide representation of contemporary and classical English literature. Students exploring through this wealth of titles, should discover books which will appeal to their varied tastes and reading abilities.

The School-Book Branch has endeavoured to secure the most attractive yet economical editions of these titles. It is the policy of the Branch whenever possible, to have available all books recommended in the official Departmental Bulletins.

We are happy to submit this list of "Free Reading" for your examination. Teachers are urged to consult carefully the catalogue "Invitation to Read" when making selections to supplement their school libraries.

The School-Book Branch will be pleased to be of service whenever problems or questions arise concerning library books.

NOTE: Read carefully important regulations respecting Discount and Transportation Charges, on the following page.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

REVISED REGULATIONS

School Boards are not permitted to make the sale of school books a source of revenue. The Department of Education extends the privilege of a discount to School Boards on the understanding that the Board in turn passes the saving on to the student.

A discount of 15 per cent will be given only on the following conditions:

That books ordered by a School Board are to become the property of the school;

OR

That a School Board or teacher purchasing with the intention of reselling to the student, guarantee that he receive full benefit of the discount, that is, list price less 15 per cent.

REGULATIONS GOVERNING DISCOUNT AND TRANSPORTATION

- (a) On an order amounting to less than \$10.00, postal charges will be prepaid by the School Book Branch. List prices will prevail with no discount allowed.
- (b) On an order amounting to at least \$10.00 yet under \$50.00, a discount of 15% will be given but postal or express charges will be additional to the net cost of the books. For the convenience of school boards and teachers, the consignment will be forwarded prepaid but transportation charges will be added to the net value of the invoice.
- (c) An order of \$50.00 or more will receive the standard 15% discount. Provided that the books are to be consigned in one bulk shipment to the divisional office or to the individual school district, transportation charges will be prepaid by the School Book Branch. If it is requested that an order of this size be packed in separate units for more than one school district and consigned as one order to the divisional office, transportation costs will be added to the discounted value of the books.
- (d) AUTHORIZATION FOR DISCOUNT and CHARGE
 - 1. This requisition must bear the signature of either the Secretary-Treasurer or the Superintendent, if a discount is to be granted. This ruling holds for cash as well as charge orders.
 - 2. Teachers are not empowered to charge orders to district or divisional accounts. Charge requisitions must be signed by the Secretary-Treasurer or the Superintendent concerned.
 - 3. Members of local boards for school districts within divisions are not authorized to charge orders to divisional accounts.

It should be noted that the 15% discount extended to school boards is equivalent to the wholesale rate given to book dealers who purchase supplies from the School Book Branch. The revised schedule has been drawn up with the object of offering school boards the lowest possible prices under existing circumstances.
